Re: Return of seized property

Dear Mr. Layton:

While I was out of custody you had assisted me in obtaining some of my seized property from the VPD.

Although I am now in custody, I respectfully request your continued assistance in this respect.

To refresh your memory, I am hoping to obtain the items which were seized in relation to 244069-7-B / CA47391 and 244069-8-B / CA48145. None of the seized

items contained anything of evidentiary value, and none of it was used as evidence at the trials,

If we're able to have the items released before I am released from custody I would ask that they be forwarded to me here at NFPC where they will be held with my property until my release.

Thank you.

Sincerely,

Patrick Fox
