MOTION TO TERMINATE REMOVAL PROCEEDINGS.

15 The Respondent, Richard Steven RieSS in pro se, respectfully
 16 moves the court to terminate proceedings in the above captioned
 17 matter. The Department of Homeland ^{SECURITY} has shown no basis for it's
 18 allegation of non-U.S. citizenship. The Department of Homeland
 19 Security has had more than 90 days, and yet has failed to produce
 20 'any', let alone by clear, unequivocal and convincing evidence
 21 of alienage as required under § 1240.8(c) of the Executive Office
 22 for Immigration Review, Subchapter A-General Provisions, as stat-
 23 ed, "the Service must first establish the alienage of the respon-
 24 dent."

25 Further, as set by INS v. Lopez-Mendoza (1994) and Woodby v.
 26 INS, (1966), "...it therefore remains the government's burden to
 27 first establish the court's jurisdiction by proving that the

1 person in court is an alien. It cannot be simply assumed that any
2 person named on a Notice to Appear (NTA) is an alien. Accordingly,
3 the government still is required to prove alienage by clear, un-
4 quivocal, and convincing evidence."

5 The government failed to produce 'any' evidence to support
6 it's allegation that the respondent in the instant matter 'was
7 admitted to the United States at any time'. Although the govern-
8 ment has made repeated implications that the respondent is requ-
9 ired to produce proof of United States citizenship, the INA and
10 the Executive Office for Immigration Review Rules of Procedure
11 clearly states that the only burden upon the alien is to show why,
12 or that, he is entitled to remain in the United States.
13 For the foregoing reasons, the respondent respectfully requests
14 that the court terminate removal proceedings in this matter.
